

Technical drawing of a mechanical part (Fig. 1.1) showing a side view with dimensions. The part has a total width of 280 mm and a total height of 1005 mm. The top edge is rounded with a radius of 80 mm. The bottom edge has a central slot with a width of 50 mm and a depth of 220 mm. The side profile shows a series of rounded rectangular sections. Dimensions are given in millimeters.

Technical drawing illustrating the installation of a 4xØ10 plate. The top part shows the plate being positioned against a brick wall, with a screw being inserted into one of the four Ø10 holes. The bottom part shows the plate being secured to a wall with a large screw through the center hole, with a smaller screw being inserted into one of the side holes.

Technical drawing of a door and its frame. The door is shown in a closed position, with dimensions 490 (width) and 1390 (height). The frame is shown in a cross-section view, with dimensions 220 (width) and 50 (height). The frame is labeled (59-83) and (27-51).
